PROSPECTUS

From Director's Desk

Our aim is to provide developmental opportunity to every student. In this age of technology & globalization moral values, ethics and principles are the most important qualities.

Our commitment to instill these qualities in our students. We strongly believe in 'WE' rather than 'I'. We have 'The TEAM' to create better citizen for today to serve our country & lead the world efficiently tomorrow.

From Principal's Desk

I am honored and feel very privileged to be the Principal of 'The World School Washim'. I am always excited to make my students enthusiastic and all rounder. Students should take the education for life, not for the degrees.

Academic, cultural, patriotic and social values will be insisted for all round development of the student. Parents are always welcome to discuss any issue with me so that we can move forward together. I feel obliged for my highly skillful, dedicated and co-operative staff. Also I feel blessed for excellent resources and infrastructure and kind co-operation of the respected directors.

It is our endeavour to mould our students (the worldlings) to be progressive, humble, patriotic and well-cultured citizens and responsive towards the global culture & heritage by enhancing their capabilities and overall development.

Vision

We will try in Imbibing the values along with quality education. Our motto is to create a self disciplined, socially responsible, globally conscious individual who can contribute to society further.
